Letter dated 10th July 1973 from the Agent, Srirangam Matt, to the Deputy Commissioner, Salem District.

I am extremely glad to communicate to you that His Holiness Sri Jagadguru has completely regained his bodily and has been attending to his daily routine with his wonted precision. That His Holiness in customary ascetic had to suffer, though only for a time from any mental discomfort at all, only illustrates the inevitability of the operation of the karmic laws which exact no one in human form. That the strikingly correct reference by His Holiness of events that have occurred during the unconscious phenomenon which is so astonishing as it is uncommon. By way, through the grace of Sri Ranganatha and through the blessings of our late Holiness of sacred memory, the temporary trouble which had caused us all so much pain and grief, has turned only into a holiness joy in learning of this welcome news is no less than mine on this occasion.

Wanting this finds you in the enjoyment of good health

Yours

Till the 19th June 1923 there was no particular change in the condition of His Holiness to note.

But on the 19th Instant there was some change which corresponded to His condition during the lunar fortnight in the previous months. Yet, between 9-20 and 10-30 P.M. He performed correctly the worship of Sri Chandramouliswara and after visiting Sri Saradamba's temple, He returned at 11-30 P.M. In the previous month on this date He was not lucid this much even.

Chickmagalur, Dated 6th March 1923

Dear Sir,

In obedience to the instructions contained in your D.O. letter No.1065 dated the 19th ultimo(marked confidential), I write to say that I went to Sringeri on the 1st instant and after a stay of two days there, returned to Head Quarters only last evening. I would have gone there a few days later after finishing the Jamabandi of the Mudgere Taluk; but since the First Member of Coincil wanted me to accompany him, I went -- there now. There has been no doubt some slight improvement in His Holiness's mental condition since the date of my last visit to Sringeri on the 26th January 1923. Then he could not recognize me; but this time he did recognize me, but yet there was not that coherence in his talk as there used to be before he had the brain affection.

2. His Holiness the Swamigalavaru is being treated by an Ayurvedic Pandit from Karkal in South Canara. Whenever His Holiness regains consciousness, he refuses to take medicine and argues with the pandit that there is nothing wrong with him, and that there is no need to take any medicine. A few of the

Matt

Matt servants and one or two others requested the First Member of Council to send a good doctor to be in charge of His Holiness till he got better, and he has made a note of their prayer.

Yours sincerely,

Saturday, the 3rd February, 1923.

On being rubbed with the medicated oil given by the Ayurvedic Doctor in attendance, His Holiness was given a cold bath, having arranged for a continuous fall of water on His head for an hour. Thereafter He bathed in the river as usual and performed his ablutions at the bank. He then visited the Temple and took milk and fruits and a little later, some butter-milk. Till 4 P.M. He retained locality and talked in His usual way. Subsequently, His memory was not normal. Yet, He bathed in the river and strolled in the garden for ½ an hour and then kept on silently pacing up and down in His room till 8-30 P.M. He then slept soundly till 4-45 next morning. Thus general improvement is noticed from day to day.

He took milk and fruits without being prompted by anybody. After 1 P.M. He was partly coherent and partly not. In the night He slept for nearly five hours. These facts seem to indicate early recovery and the improvement noticed is attributable to the application of medicated oil and cold baths -- prescribed by the Ayurvedic Doctor.

He could not recognize me, although I had paid my respects to him only two months before.
